Subject: FW: Latest news from Barry and Donnae
Date: Thursday, August 07, 2008 1:06:49 PM

Let us be in prayer for Donnae Thomas. Here is an excerpt from Barry's email:

On a more serious note - Donnae has become quite ill and will need to go in for OPEN HEART surgery on 21 Aug. She was feeling quite weak, running out of breath, tired and experiencing some chest pains so went to see our GP. She ended up in hospital and has been diagnosed with a faulty AORTA valve. This is due to inherited cholesterol problem.

She will thus be going in on 21 Aug for a valve replacement with a possible extra 2 way bypass should this be necessary. The surgeon will only know this part after he has opened her chest. The surgeon has high hiopes for a full recovery so we expect God to act yet again in our lives. We realise that much of the problems we have faced over the past year or so are due to our decision to enter full time ministry so do not see this an obstacle but rather a confirmation that God has plans for us.

We would ask that you would pray for Donnae to reagin full health, for us as a family that we will remian focussed on our goals - to be fully supported ASAP and to remember that GOD is ALWAYS in control.

May we remember Paul's words to Timothy in 2 Tim 1:7. and stand firm on the promises of God.

God Bless

Barry
